Hi all, Richard here ...

As I know you're interested in Building Envelope issues, I'm sending you my "monthly" newsletter. I also value your privacy and if you would prefer not to receive this newsletter, please hit reply and change the subject line to "Delete from newsletter list" As always, I'd be glad to discuss your concerns and comments on these issues.

Tip and News of the Month: Building Enclosure Design Award

The Boston Society of Architects' Build Boston convention and trade show is once again taking place at Seaport World Trade Center from November 13 - 15. Here is a list of workshops on the building enclosure that may be of interest to you:

Tuesday

1. A11 Building science: heat air, and moisture transfer. Presenter: Vince Cammalleri, SGH
2. A29 Building science: water intrusion in building enclosures. Presenter: Bob Heywood, T&L
3. A63 Building science: specifications for the exterior enclosure. Presenter: Mark Kalin, Kalin Associates
4. A85 The building enclosure design awards program. Presenters: the jury and architect of winning entry

Wednesday

1. B16 Building brown - the cost of doing it wrong. Presenter: Chris Haines, SGH
2. B17 Sustainable design and fabric architecture. Presenters: Sam Armijos, Fabritec; David Burke, Grimshaw; Nicholas Goldsmith, FTL Design Engineering Studio
3. B56 Building envelope and HVAC system interaction. Presenter: Edward Lyon, SGH

Thursday

1. C03 Commissioning the building enclosure. Presenters: Kevin Knight, Retro-Specs; Wagdy Anis, Shepley Bulfinch, Richardson and Abbott; David Da Sola, Thrive
2. C10 Rainscreen cladding systems. Presenter: Richard Keleher :-)
3. C33 The devil is in the details. Presenters: Ann Coleman and Matthew Farmer, Wis, Janney Elstner
4. C40 High-performance curtainwall: specifying, procuring, and commissioning. Presenters: Stefanie Hoffman

and Wei Lam, Morrison Hershfield

5. The impact of rainscreen systems on the overall design. Presenters: Dan Lynch and Kong Taing, Lymo Construction; Keith Sportack, Pace Representatives
6. C83 Proper applications of architectural aluminum glazing systems. Presenter: Tom Minnon, YKK
